

ENVIRONMENTAL DISCOVERY CENTER

of Sonoma County

PAID INTERN POSITIONS

WHO:

The Environmental Discovery Center of Sonoma County is home to an array of informative and interactive displays and interpretive projects designed to delight children. Our Mission is to create a place where people of all ages learn the value of environmental stewardship, habitat restoration, parks, open space, and responsible use of Sonoma County's natural resources.

WHAT:

School Field Trip program

The EDC's School Field Trip programs reinforce California State Science Standards for each grade level from grades K-6. The seven different field trip programs are available to elementary school classes during the school year.

WHEN:

Environmental Discovery Center Interns can work 1 - 5 mornings, 8:30am-1:00 pm. Applicants should be available for a minimum of two mornings per week and be currently enrolled in classes.

WHERE:

The Environmental Discovery Center of Sonoma County is located inside Spring Lake Regional Park in eastern Santa Rosa. Field trips also take place in Helen Putnam Regional Park, Foothill Regional Park, Riverfront Regional Park, and Tolay Lake Regional Park.
