

About Us: We are a small, local, female-owned business specializing in the fine gardening, design, and maintenance of gardens and estates since 2004.

We garden in a sustainable manner, using native and environmentally beneficial plants, integrated pest management (IPM), and avoid the use of chemicals, fertilizers, or CO₂ producing machinery in our work. More at www.californiawildnatives.com

FINE GARDENING POSITION AVAILABLE

We currently have openings in the following areas:

Fine Gardener: Hours: 6-24 hrs/wk. Pay: Based on Experience

This is a subcontracting position to start with. You **must** have 2+ years gardening field experience or a AA Horticultural degree. You **must** have your own vehicle and tools. You **must** be able to perform garden-related heavy labor tasks for extended periods of time, including the ability to lift up to 50 lbs. There is a potential for this to lead to an employed position, if there is a good fit.

Preference will be given to gardeners with:

- Experience with pruning a wide variety of plants
- Experience with vegetables and/or native plants
- Experience installing and retrofitting irrigation systems
- Dependability and a professional manner with clients
- A friendly and easy-going disposition

Tasks include, but are not limited to: moving mulch and compost, weeding, watering, planting, pruning, plant removal, irrigation installation and retrofitting, general clean up, blowing leaves, raking, sweeping, power washing, trimming hedges and vines, double digging, composting, fertilizing, and mowing lawns.

To Apply For Any Opening: Please send an email, with a written resume or description of all relevant skills and work experience to: office@wildnatives.net
