

# UTILITY LINE CLEARANCE ARBORIST TRAINING

## Free Class & Certification

Are you looking for a great career with great pay? Participants who complete this training earn \$24/hour and can progress to \$46/hour after just 18 months.

This 200-hour, Utility Line Clearance Arborist Training course will introduce you to best practices in Utility Vegetation Management (UVM). Topics include vegetation management, tree identification, tree biology, pruning techniques, safe equipment operations, tree climbing techniques, customer service and more.

You will receive this valuable certification at no cost.

## Hands on training includes:

- 3-way Communications
- Tree Identification
- Electrical Hazard Basics
- ANSI Z133 Safety Standards
- Climbing and Bucket Operations
- Chainsaw and Chipper Operations
- Worksite Inspections

## COURSE INFO

The five week course runs Monday-Thursday, from July 10 through August 10, 2023, at Santa Rosa Junior College's Shone Farm in Forestville. The course meets 7:00am to 5:00pm. This course is **FREE**. \$3,000 stipends are available to anyone not currently employed.
